Dental office cleaning: what we clean

With your protocol in hand, walk the suite and tick every room to include.

Practice _____ **Address** _____

Walked by _____ **Date** _____

Operatories

- ☐ Countertops, cabinet fronts and handles
- ☐ Sink and faucet
- ☐ Light switches and door hardware
- ☐ Patient chair base and stool casters
- ☐ Floor beneath and around the chair
- ☐ Products and order of work set by your protocol
- ☐ EPA-registered disinfectants left for the label dwell time
- ☐ Terminal clean for one room or several, when booked

Sterilization, imaging and lab

- ☐ Sterilization counters, sinks and cabinet faces
- ☐ Sterilization floor mopped last
- ☐ X-ray and panoramic rooms dusted, touch points wiped
- ☐ Imaging equipment left as your team set it
- ☐ Lab counters and shelves; gypsum dust off ledges and floor

Front office and waiting room

- ☐ Chairs and armrests wiped
- ☐ Reception counter and check-in tablet
- ☐ Magazines squared; glass free of fingerprints
- ☐ Play area, toy bins, low tables and brushing station
- ☐ Charts, screens and treatment plans left untouched

Restrooms and staff lounge

- ☐ Patient and staff restrooms cleaned
- ☐ Soap, towels, tissue and liners refilled
- ☐ Lounge counters, table, sink and appliance fronts

Consult and business offices

- ☐ Consult tables, chair arms and monitor bezels
- ☐ Tooth-model shelf or whiteboard dusted
- ☐ Desks dusted around papers; phones and keyboards wiped
- ☐ Trash and recycling collected

Floors and entry

- [ ] Operatory vinyl damp-mopped; periodic machine scrub
- [ ] Hallway VCT stripped and refinished on a closed day
- [ ] Waiting room carpet vacuumed; extraction when lanes show
- [ ] Entry glass, walk-off mat and outside step
