Veterinary clinic cleaning: what we clean

Walk the hospital after closing with your practice manager and mark each room.

Clinic _____ **Address** _____

Walked by _____ **Date** _____

Lobby and retail shelf

- ☐ Seating wiped, chair legs included
- ☐ Check-in counter, pen holders and card terminals
- ☐ Door pulls cleaned; nose prints off entry glass
- ☐ Food and treat shelves dusted; floor under displays mopped
- ☐ Lobby scale wiped; water bowl area dried
- ☐ Comfort room: cushions vacuumed, tables and lamps wiped

Exam rooms and treatment area

- ☐ Order and products taken from your protocol
- ☐ Exam tables, counters, cabinet fronts and sinks
- ☐ Door handles and light switches
- ☐ Mop works backward out of each room
- ☐ EPA-registered disinfectants kept wet for label dwell time
- ☐ Terminal clean booked as its own visit
- ☐ Charts and invoices left closed where your team put them

Boarding and grooming

- ☐ Run walls, gates, doors and floors once animals are out
- ☐ Run drains worked clear per your written steps
- ☐ Cage bank exteriors and nearby walls wiped
- ☐ Grooming tubs, tables and counters cleaned
- ☐ Hair cleared from baseboards, vents and under equipment

Floors

- ☐ Sheet vinyl and tile mopped and left dry
- ☐ Periodic scrub near kennels and in hallways
- ☐ VCT stripped and refinished in sections
- ☐ Carpet tile spot treated; periodic hot-water extraction

Staff rooms, restrooms and offices

- [ ] Break room counters, tables, sink and appliance fronts
- [ ] Staff and client restrooms sanitized
- [ ] Soap, paper towels, toilet paper and liners refilled
- [ ] Doctors' offices, pharmacy counter and records room dusted
- [ ] Lights off as you ask; doors locked on the way out
